Congress finds the following:

- (1) The Maumee River Valley is a distinctive landscape that preserves a rich, nationally signifi-cant cultural heritage. The events that transpired in the Maumee Valley in the 18th and early 19th cen-turies were critical to the Nation's transformation from wilderness to Nation. The clash of cultures be-tween Native peoples and Euro-Americans that took place here helped define United States history dur-ing its formative years.
 - (2) Humans have occupied the Maumee Valley for 12,000 years. By the 1770s, one of the largest Native American villages in North America, Kiihkayonki (Kekionga), was located at the headwaters of the Maumee River at Ft. Wayne. This region was the home of Miami, Wyandot, Delaware, Shawnee, Ottawa, and Potawatomi, Kickapoo, and Chippewa Indian tribes.
 - (3) Native American tribes and confederations, France, Britain, colonial militias, and United States armies under President Washington's orders all vied with one another for control of the Maumee Valley as it became the crucible of an emerging Nation. Legendary Native Americans Pontiac, Tecumseh, Little Turtle, and Blue Jacket challenged the American military presence under Anthony Wayne, Wil-

- liam Henry Harrison, and William Clark. The
 Maumee Valley was the target of three unsuccessful
 invasions of the United States by the British and
 their Indian allies, leading the way to a treaty that
 created long-lasting peace between the United States
 and Canada along the longest unguarded boundary
 in the world.
 - (4) Historic settlements such as Kekionga and strategic outposts along the Maumee River, including Fort Wayne, Fort Defiance, Fort Winchester, Fort Meigs, and Fort Miamis (a British fort on United States soil), and the Fallen Timbers Battlefield.
 - (5) In 1999, Congress and the National Park Service recognized the national significance of the Maumee Valley's early military history by designating Fallen Timbers Battlefield and Fort Miamis as affiliated units of the National Park System.
 - (6) The Maumee Valley's abundance of natural resources has also been widely recognized, and its network of rivers provided the key transportation system to the interior, and later aided construction and operation of the second longest canal in the world by the 1840s. The Maumee River was designated a State Scenic and Recreational River by the

Ohio Department of Natural Resources in the 1960s. More recently, the vast Oak Openings region is recognized on the Nature Conservancy's list of Last Great Places on Earth for its numerous endan-gered species. In 1999, the Ohio Department of Transportation designated portions of the Maumee Valley as a State Scenic Byway. And in 2000, the Maumee Valley was one of the first three places des-ignated as an Ohio Heritage Area by the Ohio De-partment of Development. Once covered by the Great Black Swamp, it now contains some of the richest farmland in the world.

- (7) The Maumee Valley Heritage Area includes the counties of Allen, Indiana, and Paulding, Defiance, Henry, Wood and Lucas, Ohio. Many local, regional, and State agencies and organizations, including the Maumee Valley Heritage Corridor, Inc., the Metropolitan Park District of Toledo, and the Allen County/Fort Wayne Historical Society have shown the desire and ability to work with Federal agencies to protect, preserve, and enhance the resources found within the Maumee Valley that reflect this unique heritage.
- (8) As the largest river flowing into the Great Lakes, the Maumee River is known for its ecological,

1 political, and historical importance in a region with 2 84 percent of our Nation's fresh water and over 20 3 percent of the world's freshwater resource. 4 SEC. 4.
